Company Overview

Solutiontech Limited is a leading Information and Communication Technology (ICT) company that has been at the forefront of providing cutting-edge solutions in Papua New Guinea. Established with a strong vision to build a digital economy in line with the government's goals, Solutiontech has been instrumental in revolutionizing the ICT landscape in the country.

At Solutiontech, our main focus and aim are to make ICT products and services accessible to everyone at an affordable price without compromising on quality. With years of experience and expertise, we have successfully provided tailored-made ICT products and services for various industries including government agencies, businesses, educational institutions, and individuals.

Our goal is not just to make profits but also to create an avenue that fosters learning and growth for both our employees and clients. We believe in maximizing the full potential of Papua New Guineans by providing them with opportunities to work in the dynamic ICT industry. As such, we take pride in being an agent of change in promoting digital literacy and creating more job opportunities for our fellow citizens.

With a team of highly skilled professionals who stay updated with emerging technologies, Solutiontech stays ahead of the curve when it comes to innovation. We continuously strive to push boundaries and provide innovative solutions that cater to the ever-evolving needs of our clients. It is our commitment towards excellence that has earned us the trust and loyalty of our customers.

At Solutiontech, we strongly believe that ICT plays a vital role in transforming businesses, communities, and ultimately lives. Our mission is to be the leading ICT solution provider in Papua New Guinea by keeping people informed through the supply of top-of-the-line information & communication technology products and services. We envision becoming an integral part of every household and organization by making technology accessible for all.

As we move forward on this journey, we remain focused on delivering value for money products and services without compromising on quality or affordability. We are proud to be part of building a digital economy in Papua New Guinea and we are committed to contributing towards its growth and development.

In conclusion, Solutiontech Limited is not just a company but a catalyst for change. We are passionate about bridging the digital divide by providing affordable and reliable ICT solutions that enhance productivity, efficiency, and convenience. With our dedicated team and customer-centric approach, we are confident in our ability to create a brighter future for Papua New Guinea through technology.

About US

Solutiontech Limited is a nationally owned ICT SME company, headquartered in the bustling city of Port Moresby, Papua New Guinea. We are a company that values accessibility and affordability when it comes to delivering top-notch ICT products and services to our clients. Our journey began on August 7th, 2019 as a business name trading under Kenneth Bimar as Solutiontech. Later, we were incorporated into the Company Act 1997 as Solutiontech Limited with one purpose in mind - to bridge the digital divide by making ICT solutions accessible to everyone at an affordable price.

At Solutiontech Limited, we firmly believe in building strong relationships with our clients based on trust and confidence. This belief has been ingrained in every aspect of our operation since our inception. As a result, we have established ourselves as a reliable partner for individuals and businesses alike who seek cutting-edge technology solutions in line with the government's vision of promoting a digital technology economy.

Our core focus is to provide high-quality ICT solutions that offer great value for money while remaining affordable for all segments of society. We understand that technology is constantly evolving, which is why we continuously strive to stay ahead of the curve and remain at the forefront of innovation through research and development.

As part of our commitment to extending our services nationwide, we plan to expand our branches beyond Port Moresby and cater to different regions of Papua New Guinea. By doing so, we aim to reach more people and fulfill our long-term goal of becoming the leading provider of ICT solutions in the country.

At Solutiontech Limited, we take pride in being a 100% nationally owned company contributing towards the technological advancement of Papua New Guinea. Our team consists of highly skilled professionals who are dedicated to providing exceptional customer service and meeting your specific needs.

We are confident that with our expertise and unparalleled dedication towards excellence, we can bring about transformative changes in how people access technology in Papua New Guinea. Join us on our journey towards a digitally empowered nation, and let us help you realize your full potential through technology.

Vision

Our vision is to become the most trusted and reliable provider of innovative shared ICT solutions with cutting-edge technology. We aim to instill unwavering trust and confidence in our clients by consistently delivering exceptional services that foster their growth and success.

Mission

At our core, we are committed to delivering innovative shared ICT solutions with cutting-edge technology to our clients. We strive to build long-lasting relationships based on trust and confidence, ensuring that our clients can rely on us for their technological needs. Through our expertise and dedication, we aim to foster their growth and success, enabling them to achieve their goals and stay ahead in today's fast-paced digital landscape.

Core values

Our core values are rooted in the Godly and moral principles that guide our perception of our clients and people. These principles include:

Equality: We firmly believe in treating all our customers equally, irrespective of their background, status, or preferences. This commitment ensures that every individual receives fair and unbiased treatment.

Honesty and Integrity: We uphold the highest standards of honesty and integrity in all our interactions. We believe in transparency, sincerity, and maintaining the trust our clients place in us.

Respect: We value and respect every individual, recognizing their unique perspectives, experiences, and contributions. We foster an environment of mutual respect, where everyone is treated with dignity and courtesy.

Non-discrimination: We unequivocally reject any form of racial discrimination. We promote inclusivity and embrace diversity, ensuring that all individuals are treated with the same level of respect and opportunities.

These core values serve as the foundation of our organization, guiding our actions and decisions as we strive to provide exceptional service and build meaningful relationships with our clients and people.

Solving Finance and ICT Challenges with Unmatched Expertise

Our Team

Welcome to our company, where a team of highly qualified individuals with extensive experience in the Finance and ICT industries are ready to tackle your most complex challenges. With a deep understanding of both sectors, we possess the knowledge and skills required to provide effective solutions and troubleshoot any issues that may arise. Our team is committed to delivering exceptional results, ensuring your satisfaction and success.

Key Points to Highlight:

Unparalleled Expertise: Our team comprises professionals who have excelled in their respective fields, accumulating a wealth of experience in Finance and ICT industries. Their diverse backgrounds and specialized knowledge enable us to approach problem-solving from multiple angles, ensuring comprehensive and effective solutions.

Understanding Your Needs: We recognize that every business is unique, and so are the challenges they face. Our team takes the time to fully understand your specific requirements, tailoring our solutions to meet your individual needs. By doing so, we ensure that our recommendations are not only effective but also aligned with your goals and objectives.

Proven Track Record: Our team's collective experience and track record of success speak for themselves. We have successfully resolved numerous complex issues, ranging from financial management and reporting to implementing cutting-edge ICT solutions. Our clients have consistently praised our ability to deliver results that exceed their expectations.

Holistic Problem-Solving Approach: We believe that effective problem-solving requires a holistic approach. Our team combines their expertise in Finance and ICT to identify the root causes of challenges, rather than simply addressing the symptoms. By doing so, we ensure that our solutions are sustainable and provide long-term benefits to your business.

Troubleshooting Excellence: Troubleshooting is a crucial aspect of our service offering. Whether it's identifying and resolving technical glitches in your ICT infrastructure or diagnosing financial inefficiencies, our team possesses the skills and knowledge to quickly and accurately troubleshoot any issues that may arise. We pride ourselves on our ability to find solutions efficiently, minimizing downtime and maximizing productivity.

Conclusion:

When it comes to solving Finance and ICT challenges, our team stands out from the rest. With our highly qualified professionals, extensive industry experience, and commitment to delivering exceptional results, we are confident in our ability to meet and exceed your expectations. Contact us today to experience the difference our expertise can make for your business.

Senior Management

Kenneth Bimar – Founder & Managing Director

Kenneth is the Founder and Managing Director of Solutiontech Limited, a leading ICT company. With over 16 years of experience in the ICT industry, Kenneth has excelled in various managerial roles and as an ICT Infrastructure and Website Design & Development officer.

Starting as an ICT Officer, Kenneth quickly climbed the ranks to become a Technical Manager and Manager of ICT. Throughout his career, he has successfully developed and designed numerous mobile responsive websites for a wide range of organizations. His

Full Malware Scanning Solutions

Introducing Full Virus Scanning - Your Ultimate Protection Against Malware!

Are you tired of constantly worrying about the security of your computer system? Look no further! With Full Virus Scanning, we've got you covered. Our advanced software performs a comprehensive, in-depth scan of your entire computer system, leaving no stone unturned in the battle against malware.

Gone are the days of anxiously wondering if your storage drives and memory are infected. Our cutting-edge technology meticulously examines every nook and cranny, ensuring that no malicious software, including those sneaky rootkits, can escape its watchful eye.

But that's not all! Full Virus Scanning takes your protection to the next level by performing a Boot-Time Scan during your next system startup. This means that even

before any malware has a chance to launch, our software is already hard at work, eliminating any potential threats lurking in the shadows.

We understand that your peace of mind is invaluable, and that's why we've developed Full Virus Scanning with the utmost care and precision. Our team of experts has poured countless hours into perfecting this powerful tool, ensuring that it provides the highest level of security for your computer system.

Don't compromise on your digital safety. Choose Full Virus Scanning today and experience the peace of mind you deserve. Trust us to keep your computer system safe and secure from the ever-evolving world of malware.

Virtualization Solutions

Introducing Virtualization - the ultimate cost-saving solution for your organization's server and computer needs!

Gone are the days when having multiple servers and computers meant draining your budget. At Solutiontech, we understand the challenges of managing a complex infrastructure and the financial burden it brings. That's why we have developed Virtualization, a game-changing technology

that revolutionizes the way businesses operate.

With Virtualization, you can say goodbye to the hefty expenses associated with maintaining numerous physical servers. Our team of highly qualified virtualization technicians is here to help you streamline your operations by setting up and enabling multiple server instances to run concurrently on a single physical host. This means increased productivity and efficiency for your organization, all while significantly reducing costs.

Imagine the possibilities of having your entire network virtualized! No longer will you be bound by the limitations of physical hardware. Our experts will ensure that your

network virtualization is seamlessly implemented, allowing for greater flexibility, scalability, and resource optimization.

By embracing Virtualization, you can unlock a world of benefits. Experience enhanced performance, improved security, and simplified IT management. Our technicians will work closely with you to understand your unique requirements and tailor the virtualization solution that best suits your organization's needs.

Don't let the expenses of multiple servers and computers hold you back. Choose Virtualization from Solutiontech and embark on a cost-cutting journey that will transform your organization. Join the countless businesses that have already reaped the rewards of this innovative technology. Contact us today and let our virtualization experts guide you towards a more efficient and cost-effective future.

Google Drive Cloud Storage Solutions

Introducing Google Drive Cloud Storage - the ultimate solution to safeguarding your valuable data. In today's digital age, data is like gold, and ensuring its security without the risk of losing it is absolutely critical. That's where we come in.

With Google Drive, we empower our clients to effortlessly Store, Access, and Share their files anytime, anywhere, on any device. Our innovative online file storage management

system provides a seamless experience, allowing you to securely Store, Sync, and Share Files with ease.

Imagine having quick and convenient access to all your files, regardless of their type. Whether it's important documents, cherished memories, or creative projects, Google Drive supports all file types, ensuring that you can effortlessly work with any content you desire.

Gone are the days of worrying about losing your data or being tied to a single device. Google Drive liberates you from these concerns, offering a reliable and accessible

platform to manage your files. Whether you're a busy professional constantly on the move or a student juggling multiple devices, our cloud storage solution ensures that your files are always within reach.

But it doesn't stop there. Collaboration is made simple with Google Drive's file sharing capabilities. Share your files with colleagues, friends, or family members, and collaborate in real-time. Say goodbye to the hassle of emailing attachments back and forth or worrying about version control. With Google Drive, working together has never been easier.

Choose Google Drive Cloud Storage today and experience the peace of mind that comes with knowing your data is secure, accessible, and always at your fingertips. Don't let your valuable information go unprotected - trust in the power of Google Drive to Store, Sync, and Share your files effortlessly.

Web Hosting Solutions

Our state-of-the-art infrastructure guarantees lightning-fast loading speeds, ensuring that your website remains accessible to your customers at all times.

But it doesn't end there. We understand that security is paramount when it comes to online operations. That's why we employ robust security measures to safeguard your valuable data and protect your online assets from any potential threats. With Solutiontech, you can have peace of mind knowing that your domain is in safe hands.

Furthermore, our user-friendly control panel empowers you to effortlessly manage your domain, making updates and modifications a breeze. We believe that you should have complete control over your online presence, and our intuitive interface ensures just that.

Join countless satisfied clients who have entrusted their web hosting needs to Solutiontech. Experience the difference of a domain that not only captures the essence of your business but also drives growth and success. Don't settle for anything less than excellence – choose Solutiontech for your web hosting requirements today.

Graphic Design Solutions

Introducing Graphic Design Solution - Your One-Stop Solution for All Your Design Needs!

Are you tired of searching for the perfect logo design? Look no further! Solutiontech is here to assist you in creating a logo that perfectly represents your brand. But that's not all - we offer a wide range of services to cater to all your design requirements.

Already have a logo but need business cards or stationery? We've got you covered! Our team of experts can seamlessly integrate your logo into stunning business cards and stationery that will leave a lasting impression on your clients.

Looking to take your marketing game to the next level? Our expertise extends beyond logos and business cards. We specialize in creating captivating brochures, eye-catching postcards, and other marketing materials that will make your business stand out from the competition.

With years of experience, we have successfully designed and printed hundreds of logos, business cards, brochures, flyers, posters, postcards, greeting cards, catalogs, invitations, banners, and menus. Our track record speaks for itself - we are the go-to experts for all your graphic design needs.

Don't waste any more time and effort trying to find different designers for each aspect of your brand. Let us be your one-stop solution. Our team of skilled graphic designers will use their expertise to help you build a strong and memorable brand.

Choose Solutiontech Limited today and let us transform your vision into reality. Get in touch with us now and take the first step towards creating a brand that will leave a lasting impression on your audience.

ICT Audit Solutions

Introducing ICT Audit - Your Trusted Information Technology Guardians!

Are you concerned about the security and efficiency of your organization's information technology infrastructure? Look no further! At Solutiontech Limited, we have assembled a team of highly skilled ICT professionals who are ready to conduct a thorough examination and evaluation of your IT systems.

Our mission is to ensure that your organization's information technology assets are protected, and that they align seamlessly with your goals and objectives. With our expertise, we meticulously assess your infrastructure, applications, data usage and management, policies, procedures, and operational processes against recognized standards and established policies.

Rest assured; our audits go beyond a mere check-list approach. We delve deep into the intricate details of your IT systems, leaving no stone unturned. Our meticulous evaluation ensures that the controls in place to safeguard your valuable information are robust and reliable. We leave no room for compromise when it comes to the integrity of your technology assets.

By choosing Solutiontech Limited, you are partnering with a team that understands the importance of maintaining a secure and efficient IT environment. Our professionals possess a wealth of experience and expertise, enabling them to identify vulnerabilities and recommend practical solutions tailored to your specific needs.

Don't let the fear of cyber threats or inefficient IT processes hold your organization back. With us, you can confidently face the digital world, knowing that your information technology infrastructure is in safe hands.

Contact us today and let us be your trusted guardians in the realm of information technology. Together, we will ensure that your organization's IT systems are fortified, aligned with your objectives, and ready to propel your success into the future!

Data Backup Solutions

Introducing Backup - Your Ultimate Data Protection Solution!

Are you tired of losing important data and struggling to recover it? Look no further, because Solutiontech has got you covered! We understand the value of your data and the need to keep it safe and secure. That's why we offer a comprehensive backup solution that ensures your information is always protected.

With us, we go above and beyond simple data backup. We not only make copies of your data but also store older information that may not be needed for everyday operations. By moving these older files to a separate, long-term storage device, we ensure that your valuable data is preserved for future reference.

But what sets us apart from other backup solutions? Well, let's break it down for you. While data backup is primarily focused on disaster recovery, at Solutiotech we go the extra mile by providing a recent, if not completely current, version of your data. This means that even if the active data is lost, you can rest easy knowing that you can recover it without any hassle.

But that's not all! We understand that different technical requirements and user expectations come into play when it comes to data archive. That's why we offer a separate solution specifically designed to meet your archival needs. Our data archive feature ensures that your data is stored for future reference, maintaining a versioned history that is essential for your organization's records keeping and retention requirements.

And when it comes to restoring your data, Solutiotech has your back. Our seamless process brings your stored offline data back onto your storage system, whether it's your company's data center server or any other preferred location. You can trust us to handle the restoration process efficiently and effectively.

We also understand the importance of retention periods. That's why we allow you to set the length of time your backups are kept. Once the retention period is over, the backup is automatically deleted, ensuring that your storage space is optimized. It's important to note that our retention periods for disaster recovery are different from our policy retention period. This means that you have the flexibility to choose the right retention period for your specific needs.

Don't let data loss be a nightmare anymore. Choose us and experience the peace of mind that comes with knowing your data is protected, archived, and easily recoverable. Trust us to safeguard your valuable information and meet all your data protection requirements.

Try Solutiotech Limited today and say goodbye to data loss worries forever!

Custom Software Design & Development Solutions

Introducing Custom Software Design and Development, your ultimate solution for all your software needs in PNG. We specialize in creating tailor-made software that perfectly aligns with your business requirements and specifications.

We understand the struggles that companies face when trying to integrate existing software with their unique business processes. Off-the-shelf products may offer some assistance, but they often fall short in

resolving the underlying issues. That's where our custom-made software comes in.

By investing in our custom software design and development services, you can save yourself a significant amount of time and money in the long run. Our team of experts will work closely with you to understand your specific needs and create a software solution that perfectly fits your business.

Say goodbye to the frustrations of trying to make generic software work for your company. With our custom-made software, you can streamline your operations, increase efficiency, and maximize productivity.

Don't settle for off-the-shelf products that only provide temporary fixes. Choose Custom Software Design and Development Solutions at Solutiontech Limited for a long-lasting solution that will revolutionize the way you do business. Contact us today to discuss your software needs and let us create a customized solution that will exceed your expectations.

CCTV Installation & Setup Solutions

Introducing CCTV Installation and Setup - Your Ultimate Security Solution!

Are you concerned about the safety of your company and its valuable assets? Look no further! At Solutiontech's CCTV Installation and Setup solutions, we specialize in providing top-notch installation and setup services for Closed-Circuit Television (CCTV) systems. Our mission is simple - to help prevent and detect crime, ensuring your peace of mind.

With our state-of-the-art CCTV systems strategically placed in and around your building, you can rest assured that your company's safety is in good hands. Our expert technicians will meticulously install and configure the CCTV cameras at key locations, covering every nook and cranny of your premises.

Why choose our CCTV Installation and Setup services? The answer is simple - we go above and beyond to provide you with the utmost security. Our high-quality cameras provide crystal-clear recording, ensuring that every detail is captured accurately. In the unfortunate event of a crime, our CCTV systems will serve as undeniable evidence, aiding relevant enforcement agencies in their investigations.

Not only does our CCTV installation deter potential criminals, but it also reassures your company and its employees about their safety. By having our cutting-edge cameras installed, you are sending a strong message that your organization takes security seriously. This alone can act as a powerful deterrent, preventing any unauthorized activities from taking place on your premises.

At Solutiontech's CCTV Installation and Setup Solutions, we understand that every business is unique, and security needs may vary. That's why we offer customized solutions tailored to your specific requirements. Our team of experts will work closely with you to assess your security needs and design a comprehensive CCTV system that fits your budget and preferences.

Don't compromise on the safety of your business! Choose Solutiontech's CCTV Installation and Setup team today and experience the peace of mind that comes with having a robust security system in place. Contact us now to schedule a consultation and take the first step towards a safer future for your company.

Our Portfolio

Introducing Solutiontech Limited, your go-to partner for exceptional website design and development services. With an impressive track record of working with esteemed clients, we take pride in our ability to create mobile-responsive websites that captivate and engage users.

Among our satisfied clientele are Pasifika Eagle Chemicals, Niugini Pilots, TeeBee Accountants, SME Corporation of Papua New Guinea, and Kawat Lawyers. These reputable organizations have entrusted us with their online presence, and we have delivered remarkable results that align with their unique brand identities.

At Solutiontech Limited, we understand the importance of a visually appealing and user-friendly website. Our team of skilled designers and developers work tirelessly to ensure that your website not only looks stunning but also functions flawlessly across all devices. Whether your target audience accesses your site on a desktop, tablet, or smartphone, we guarantee a seamless and immersive browsing experience.

We pride ourselves on our ability to listen to our clients' needs and translate them into visually striking websites that leave a lasting impression. Our attention to detail, coupled with our expertise in the latest web development technologies, allows us to create websites that not only meet but exceed expectations.

When you choose Solutiontech Limited, you're choosing a partner that is committed to your success. We go above and beyond to deliver websites that not only reflect

your brand's unique personality but also drive traffic, generate leads, and increase conversions.

Don't settle for mediocrity when it comes to your online presence. Trust Solutiontech Limited to design and develop a mobile-responsive website that will set you apart from the competition. Contact us today to discuss your project and let us bring your vision to life.
